Quotes by Friends and Teachers

The love, growth, and development of the children at Fanny Finch School was Mr. Eddins' life. Today, the results of his excellent and understanding leadership show in his ex-students. What a happy privilege to be one of his teachers!

Alice Deshields

I appreciated Mr. Eddins and his thoughtfulness. My years with him were some of most pleasant teaching years.

Lila D. Wilson

I taught in Fanny Finch School from 1920 to 1960. In 38 of those 40 years Mr. C.T. Eddins was my Principal. I appreciated him for the principles for which he stood, for his love for the teaching profession, for his understanding of his pupils and their problems, but most of all for a Christian gentleman.
