## Summer 2023

### 22-23 Dual Credit Senior Checklist

Graduating seniors that took dual/concurrent classes during the 22-23 school year do not need to reapply to Collin College. We will update your account from dual credit to freshman.

You will need to make sure you have a current meningitis record or valid exemption on file. Your dual credit waiver will expire for summer 2023.

Make sure you are TSI complete. If you participated in dual credit with a partial TSI status you will need to test or provide scores for an exemption for the missing subject.
