COLLEGE BOUND **COLLIN COMMUNITY COLLEGE**

A college representative has been working with students for the past few weeks. Students have been completing personal inventories to determine what they may want to study in college.

CAREER DEVELOPMENT **U.S. NAVY**

The Navy gave a presentation in September at Serenity! Many students were inspired and asked a lot of questions. If your child would like anymore information, reach out to Ms. Long for the contact person.

SAVE THE DATE & SPREAD THE WORD

TEEN SUBSTANCE USE TODAY

76% of teens agree that with legalization, teenagers may be more likely to experiment with marijuana

Nearly 3 out of 4 teens believe that having easier access to marijuana may accelerate teenagers in trying other drugs

3 out of 5 teens agree that teenagers who use marijuana are more likely to try heroin

76%

Teens become addicted to substances quicker than adults

Teens need their parents involved in their lives to help them know the dangers of any type of substance use

There is no safe level of substance use for teens' still-developing brains

rosecrance | www.Rosecrance.org | Based on a recent online survey of 400 U.S. teenagers ages 13-17 conducted by Wakefield Research and commissioned by Rosecrance

Our partnership with Hugs Café has been life changing:

" Before I went to Hugs I was unsure if I would like it. Now that I have met the people, I LOVE IT! They are all great and it's a fun place to volunteer" - Ethan

DEAN OF STUDENTS CORNER:

FAMILY DRUG CONTRACT

Creating a family contract is one way to help your kids abstain from using alcohol, tobacco and other drugs. It is a tool for expressing values and outlining expectations and consequences.
